Mr. Shalewitz

The data on NYSERDA public site for the Bloom Coffins at Equinix in NY are clear that Bloom is lying. There are 862 kilowatts Equinix. Even Chuck Schumer the Bloomer knows Al Gore's Bloomdoggie is a FRAUD.

What is the status of this ? The new President of the United States wants truth not lies. He said so very clearly today at noon

<https://www.politico.com/news/2021/01/20/joe-biden-inauguration-speech-transcript-full-text-460813>

Recent weeks and months have taught us a painful lesson.

There is truth and there are lies.

Lies told for power and for profit.

And each of us has a duty and responsibility, as citizens, as Americans, and especially as leaders – leaders who have pledged to honor our Constitution and protect our nation – to defend the truth and to defeat the lies.

The Bloomdoggie must be stopped their LIES are enormous.

You must forgive me. While my FOIL request was well presented, I did forget to ask for one series of documents. Please add

Any and all memos, emails, or phone call records by and between the Port Authority and any politician whether local, state or Federal that relate to the Bloom Energy fuel cells at the World Trade Center.

You must understand that the Bloom Fraud has Al Gore, Colin Powell, John Doerr, Michael Boskin, Mary Bush and other very well connected swamp dwellers. My hunch is that politicians played a role in getting the Port Authority to agree to install Bloom fuel cells in the hallowed ground of the World Trade Center. The

sleazebags at Bloom will stop at nothing including slandering me with lies. I have clear proof that Colin Powell cheated on his 2009 taxes through his "involvement" with Bloom Energy.

Mr. Shaelwitz I am sure you will find the records you provide to me under the FOIL as very being very interesting. Of course I will share these records with all who are copied.

I believe you are playing games with me. When we the people bring our Qui Tam suit against multiple parties for violation of the US Green Guides we will get all the records in the depositions.

But I will try one more time to clarify what I need in the FOIL.

I want all memos, emails, letters, phone call records by and between Bloom Energy and the Port Authority for the time period January 1, 2015 and the present.

I want all internal memos and emails that discuss the Bloom fuel cell project at the World Trade Center for the period January 1, 2015 till the present.

I want all visitor logs that include employees, lawyers, lobbyists or agents of Bloom Energy that visited the Port Authority from January 1, 2015 to the present.

I want all calculations made by Bloom Energy and or the Port Authority and or any consultants that involve VOC Volatile Organic Compound emissions.

I want all calculations made by Bloom Energy and or the Port Authority and or any consultants that involve decocking emissions.

I want all calculations made by Bloom Energy and or the Port Authority and or any consultants that involve the quantity of solid waste that will be generated.

I want all documents Bloom provided the Port Authority regarding solid waste.

I want all calculations made by Bloom Energy and or the Port Authority and or any consultants that involve carbon dioxide emissions.

I want all proposals from Bloom or their agents or partners made to the Port Authority between January 1, 2015 and the present.

I want all architectural and mechanical and electrical engineering drawings of how the Fuel cells will be installed within the World Trade Center including calculations as to the amount of fuel gas, air and exhaust emissions.

I want all budgets and costs estimates for the fuel cell project.

Why is the PANYNJ so worried? Are you concerned that the project is a GREENWASHED FRAUD?

If everything was KOSHER the PANYNJ would not be putting up all these roadblocks. I smell a huge rat.

Mr. Regan

Your job on day one as the head of the US EPA is to end the BLOOMDOGGLE. The US DOJ has not done its job.

Thanks for the reply.

Here is a very specific request.

Please provide FOIL records for the following regarding the Fuel Cell Project with Bloom Energy in the World Trade Center.

1. Capacity in kilowatts?
2. Price Paid for the fuel cells?
3. Installed Cost of the Fuel Cells?
4. Who will own the Fuel Cells, who will finance the Fuel Cells?
5. Who will operate the fuel cells?
6. Servicing costs of the fuels?
7. Length of servicing contract?
8. Maximum amount of natural gas that will be used by the fuel cells?
9. Competitive bids that PANYNJ received on the fuel cells?
10. Expected capacity factor for the fuel cells?
11. Calculations that show the carbon footprint reduction?
12. Meeting minutes for the fuel cell project in the World Trade Center?

Thanks
